Oxygene Yachts to present new AIR 77 Yacht at Cannes Boat Show 2013

An ambitious stance for a catamaran of this size: discretion There is nothing tawdry or ostentatious about the luxury catamaran yacht AIR 77. The designer has chosen discretion as his leitmotif, in respect for the natural aesthetics of the sea. Harmony with its environment is demonstrated by the lines of the hull: ultra simple but also extremely efficient on rough seas, and by the boat's low position on the water and its harmonious glass/carbon superstructure. This approach is also manifest in the choice of engine: just 2×260 HP, for an intentionally limited top speed of 20 knots
